BODIES OF MINERS NOT YET FOUND

Rescue Crews Succeed in Working Way to the Fatal Chamber

MEN UNDOUBTEDLY DEAD

Is the Opinion Expressed by Experts of the United States Rescue Service—All in One Chamber.

(ASSOCIATED PRESS TELEGRAM)
Dawson, N. M., Oct. 25.—Rescue crews today succeeded in working their way well into the fatal chamber, No. 18, east on the high line where 200 miners are entombed in the Stag Canon mine, and before nightfall they expected to be within a few feet of the jammed door connecting this chamber with the last on the east side high line. It is beyond this door that a large number of bodies are expected to be found among which are those of General Superintendent William McDermott and Henry P. McShane, the wealthy young New Yorker.

That the men will be found dead is the unanimous opinion of all concerned in the rescue work. Mine experts, including J. C. Roberts and his assistants of the United States mine rescue service admit that the amount of black damp which penetrated the nineteenth chamber as the result of the explosion was sufficient to have killed all of the occupants instantly. But that so many of the miners, almost 200, should have been in the one chamber is the puzzling feature to the men who are directing the rescue work.

From the conditions found in the adjoining chamber it was believed that the center of the explosion was in either the eighteenth or nineteenth chamber, and by this reasoning, they are unable to see how the miners could have reached the chamber if there they are.

The opinion still exists that all of the bodies will not have been recovered before Sunday.

TYPHUS SERUM FOR TREATMENT IS SUCCESSFUL

(ASSOCIATED PRESS TELEGRAM)
San Francisco, Oct. 25.—A new treatment of typhoid fever, based on the injection of a serum drawn from typhoid convalescents, was announced here yesterday by Dr. George R. Carson of the Southern Pacific Hospital at the annual convention of Pacific Coast Railway Surgeons.

"Now that prophylactic vaccination against typhoid has been proved successful," said Carson, "next must follow some curative agent, vaccine serum or chemical combination which shall rob typhoid of its terrors, its prolonged exhausting fever and its sequel. I feel that we are now on the threshold of its discovery, and that we shall soon be able to abort typhoid."

Typical typhoid cannot be produced among animals, Dr. Carson explained; hence his recourse to the blood of convalescents who had acquired immunity by their victory over the disease.

First the convalescent's blood is drawn off and permitted to stand until the serum can be drained into a Chamberlain filter to remove its cellular elements and insure sterilization. An injection into the tissue of the patient follows.

"After injection," continued the doctor, "there is usually a rise in temperature, which gradually recedes, reaching normal the next day. In three or four days, if the temperature continues to rise, the second injection is given. It has been necessary to give three or four injections to a case."

"Up to the present time I have used the serum on but four cases and it is too early to draw any definite conclusions. However, I must say that I have felt rather pleased and encouraged. The serum treatment seems to abort the disease. A serum case is rendered mild. There has been no local reaction at all at the site of the injection."

Dr. Carson's research work is financed by Mrs. E. H. Harriman, widow of the late railroad magnate, who provided a \$50,000 fund for the purpose.

JEWELRY THIEVES WORKING.

(ASSOCIATED PRESS TELEGRAM)
Cleveland, Oct. 25.—Jewelry thieves smashed a window in the David Eddy store, the Colonial Arcade, this morning, and grabbing \$2,000 worth of watches and diamonds, fled unmolested to safety. A few neighborhood women were the only persons near when the robbery occurred.

Newark's Splendid Water Works System

How Profitably and Economically It Has Been Managed by the Present City Administration

The following account shows the character and value of Newark's municipal water works system, how wisely, honestly and economically it has been operated by the present city management, and how profitable the system is to the people of our city.

Ownership.
The water works are owned and operated by a municipality; a new system was installed in 1908, and in 1910 the city purchased a system owned by a private water company since its installation in 1885.

Organization.
Management and control are vested in the Director Public Service, appointed by the mayor; James McCarthy was made director in January, 1912. Engineering work and the keeping up of department records are in charge of the city engineer, Charles H. Wells; George Buchanan is superintendent of construction and repairs.

There are 11 regular employees, all of whom have served long terms; and have the benefit of the civil service, except for the director who is not protected by civil service.

Records.
Up to date maps of supply, works and distribution systems, together with records of construction are on file with the city engineer; the preparation of card catalog records of pipe details, has been completed and measurements of location of all valves have been made.

Quarters.
Main office is located at 33 W. Church street and meter and repair shops are located in the cement building rear of Patrol House, and general storage at South Fifth and Canal.

Emergency Operation and Fire Service.

As soon as a fire alarm is sounded the water works office is notified also the pumping station; pressures are not ordinarily raised for fires. A hydrant man attends all fires and a light service wagon is kept at the residence of the superintendent of construction and repair.

SEVERE ELECTRICAL STORM SWEEPS OVER THE CAPE DISTRICT

(ASSOCIATED PRESS TELEGRAM)
Norfolk, Va., Oct. 25.—The most severe electrical storm recorded here swept over the Cape Fear district just after midnight and during its progress three and one-half inches of rain fell in seven hours. William Styron, a life saver, patrolling the beach near the station, was struck by lightning and almost instantly killed. Rains for the last twenty-four hours have been unusually severe along this part of the coast. In the last twenty-four hours the rainfall at Wilmington, N. C., for October was brought up to ten inches.

NEW CONSTITUTION IS ADOPTED BY THE CONGRESSIONALISTS

(ASSOCIATED PRESS TELEGRAM)
Kansas City, Oct. 25.—The Congressional church in the United States is progressive. This was demonstrated today when its national council swept aside all opposition and by an overwhelming vote adopted a new constitution, containing new statements of doctrine and other radical changes in church policies.

The council made no important changes in the document as presented by the commission.

INSTRUCTORS IN ATTENDANCE AT INSTITUTE

Over 150 instructors in public schools of the county were in attendance Saturday at the two sessions of the Licking County Teachers' Quarterly Association, held in the Y. M. C. A. building. A brief address on Social Progress was delivered in the forenoon by Dr. Frank B. Pearson of Ohio State university, and Miss May Van Horn, with a class of primary pupils, gave an interesting demonstration of successful methods of primary education.

The afternoon session was devoted to a lecture on Educational Work in the Philippines, by Miss Sylvia Siegfried, formerly an instructor in Newark High School, but who has just returned after five years spent teaching in a mission school in the islands. Dr. Pearson spoke in the afternoon on "Motives and Interest in School Work."

FIVE KILLED IN EXPLOSION.

(ASSOCIATED PRESS TELEGRAM)
Lynchburg, Va., Oct. 25.—Five men were killed and two injured, one probably fatally by a premature explosion of dynamite early today in the mines of the Piedmont Manganes Corporation, six miles east of here. Four of the killed were negroes. One of the injured was a white man.

FAIR BOARD ELECTION IS BEING HELD

At 2 o'clock Saturday afternoon 121 votes had been cast for candidates for directors of the Licking County Agricultural society, out of a voting membership of 405. There were no indications how the election was going, although the candidates were busily electioneering during the day. Four directors are to be elected. Candidates are J. M. Jones, Granville township; Frank S. Hartman, Hopewell township; C. D. Colville, Eden township; C. D. Lake, Newark township, and Thomas E. Adams, Newark township.

OFFICIALS ON AN INSPECTION TOUR OF UNIVERSITIES

(ASSOCIATED PRESS TELEGRAM)
Columbus, Oct. 25.—Eight state officials including Governor Cox and four officials of Ohio State University will start tomorrow morning for a five days' inspection trip of the state universities of Michigan, Wisconsin and Illinois, as the guests of President W. O. Thompson of Ohio State University with their expenses paid by a private citizen of Columbus whose name has not been divulged. The object is to compare Ohio's state university with others and to devise means for the improvement of the schools here.

The party will visit the University of Michigan, at Ann Arbor, Monday, the University of Wisconsin at Madison Tuesday and Wednesday and the University of Illinois at Champaign Thursday.

In the party will be Governor Cox, Lieutenant Governor W. A. Greenlund, Speaker of the House, Charles L. Swain, Senator Daniel F. Mooney, Representative John Cowan, Attorney General T. S. Hogan and Auditor A. V. Donahey, President Thompson and Secretary Carl E. Steeb, of the university, and Walter J. Sears and Julius F. Stone, university trustees.

"I do not expect to find a better system of accounting or physical management in any university than exists at Ohio State university," said Auditor Donahey today after visiting the university yesterday.

"That institution's business affairs are managed better than any department or any institution of the state without a doubt."

DIED FROM WOUNDS.

Manila, Oct. 25.—Captain Harry McEliderry, of the 13th company, Philippine scouts, died today from wounds received during a fight between the scouts and the Moros at Talipao on October 23.

REQUEST PRESENCE OF DIAZ

War Department Sends Representative on Special Train With Invitation

IS STILL IN VERA CRUZ

Has Not Decided to Visit Mexican Capital Just at Present Time—Divergent Views of United States and Great Britain.

(ASSOCIATED PRESS TELEGRAM)
Vera Cruz, Mex., Oct. 25.—General Felix Diaz today received a "request" from the Mexican government to proceed at once to the federal capital. Col. Manuel Vidaurragaza, secretary to the Mexican minister of war arrived here on a special train with the invitation which was practically an order for Diaz to accompany him to Mexico City.

General Diaz did not decide immediately to comply and no effort was made to force him to accept the invitation.

Unless General Diaz alters his intentions he will not return to the federal capital, notwithstanding the "invitation" which was signed personally by Provisional President Huerta.

Whether Col. Vidaurragaza bore orders to arrest General Diaz was not known this morning. Diaz did not deliver a formal negative answer to Huerta's invitation.

Huerta's letter urged Diaz to come to the federal capital immediately for his own prestige as well for that of the government. It was written in affectionate terms and bore no resemblance to an official command. Col. Vidaurragaza's instructions apparently indicated the necessity of his returning to the federal capital today with a reply from Diaz.

Daniel and Evaristo Madero, also relatives of the late president, are known to have been taken to the Tampico. They will be sent by boat to Vera Cruz where they are to be confined in the old prison of San Juan de Ulu pending their trial on charges of sedition.

NEWS CONFIRMED.

(ASSOCIATED PRESS TELEGRAM)
Brownsville, Texas, Oct. 25.—"Monterey has been captured." This was the message received today by Constitutionalist General Lucio Blanco, at Matamoros, opposite here. It came from his chief of staff, Major Mujica, who is today at Reynosa thirty miles from here on the railroad line to Monterey.

CLAIM MONTEREY HAS BEEN TAKEN BY THE REBELS

(ASSOCIATED PRESS TELEGRAM)
Laredo, Texas, Oct. 25.—A Spanish paper here today published an extra declaring that Constitutionalist captured Monterey late last night. These despatches are alleged to have come from the Constitutionalist General Blanco at Matamoros who reported he had telegraphic communication to within seven miles of Monterey.

REGRET EXISTS IN GREAT BRITAIN OVER SITUATION

(ASSOCIATED PRESS TELEGRAM)
London, Oct. 25.—The Mexican situation occupies the most prominent place in the minds of the press of the British Isles and more particularly the divergent views of the United States and England as to the best policy to bring about order in that country. It is still said in official circles here that differences between the United States and England are not such as could possibly lead to any trouble and that they will smooth themselves out when all the facts shall have been made known by Washington.

The graver regret exists here that any state of ill-feeling should have been displayed in regard to the situation. It is pointed out by officials that England like other powers recognized Provisional President Huerta because she believed him to be the best man there to handle the critical situation and she still holds that opinion. Should, however, President Wilson after the elections of Sunday present, as it is expected he will do, a more practical solution of the difficulty, it will be sympathetically considered by England.

After all, it is argued, the divergence of views between the United States and England is a matter not of aims, but of methods.

The Westminster Gazette, a government organ says that while England has great interests in Mexico she cannot take the same liabilities or responsibilities in regard to that country as the United States does, although the fact of her not doing so constitutes no sort of hostility to the United States.

The Pall Mall Gazette, an opposition newspaper says: "Provisional President Huerta's declaration to the diplomatic corps in Mexico City is full of superficial common sense. But despite the ordinance by which he withdraws his

candidature for the presidency and despite the promise of the Mexican government not to interfere with the elections, General Huerta will remain dictator when the poll has been declared."

The newspaper points out that recognition of the existing Mexican government does not constitute support of it and continues:

"If Great Britain were indeed supporting a man whom the United States declines to recognize, the relations of the two countries would be badly strained but there is not and never has been any question of such action on our part."

TELLS TEACHERS TO DANCE TANGO OR BUNNY HUG

(ASSOCIATED PRESS TELEGRAM)
New Haven, Conn., Oct. 25.—As an incentive to cheerfulness, William McAndrews, principal of the Washington Irving High school in New York, told the Connecticut State Teachers at their annual convention today to dance the tango, the bunny hug, or any modern dance they liked. As another aid to cheerfulness, he advised the teachers to wear their best gowns to school. "If you have only two," he said, "save your second best for Sunday."

DEFENDANT TELLS STORY OF HER LIFE

(ASSOCIATED PRESS TELEGRAM)
Plymouth, Mass., Oct. 25.—Mrs. Jennie May Eaton told on the witness stand today the story of her married life with D. H. Ainsworth and later with Admiral Eaton.

Her experience with her first husband whom she divorced was unhappy, but she was devoted to the Admiral whose intemperance and use of drugs however, she said, caused her much misery.

She denied that she had had a man friend of whom the Admiral might have been jealous.

Mrs. Eaton showed some emotion at times but generally maintained her composure. Her testimony had not been completed at the opening of the afternoon session.

(ASSOCIATED PRESS TELEGRAM)
Plymouth, Mass., Oct. 25.—The appearance of the defendant on the stand today brought to a climax the trial of Jennie May Eaton, charged with causing the death of her husband, Rear Admiral Joseph Giles Eaton, by giving him poison. Counsel for the defense had led up to her testimony by calling during the past two days numerous witnesses who described Rear Admiral Eaton as having been frequently under the influence of liquor or drugs. Today counsel sought to draw from her own lips Mrs. Eaton's story of her life with the admiral. It is the contention of the defense that the man died from an overdose of a drug which he had been accustomed to using.

Mrs. Eaton was calm and self-poised as she began her testimony. The jurors gave close attention to her story which she told in a clear, well modulated voice, addressing herself always to her senior counsel, William A. Morse.

Under the questioning of the attorney, Mrs. Eaton described her early life. She was born at Alexandria, Va., 29 years ago, she said, her family later removing to Michigan and then to Washington, where she met her first husband, D. H. Ainsworth. Her life with Ainsworth was unhappy. She said that her husband lost two positions and that she was forced to aid in the support of the family, selling books from house to house. During her life with Ainsworth she and her two children, June and Dorothy, lived successively at Washington, Guthrie, Okla., St. Louis, Chicago and then returned to Washington, where she bought a house, paying \$1200 down. Later she was forced to sell the home.

Mrs. Eaton said that she placed her daughters in a school at Frederick, Md., and then took up nursing. In September, 1905, she went to Admiral Eaton's Washington home to attend the admiral's first wife. The patient died a week later but the witness remained at the home to care for the admiral, who had been drinking heavily. Later she accompanied him to Boston at his request and because of "this pitiable condition."

Before meeting Admiral Eaton she had taken steps to obtain a divorce from Ainsworth and while attending the admiral she received her final divorce papers from Chicago.

During her stay in Washington she and Admiral Eaton discussed the possibility of their marriage which, the admiral said would be best for both. They were married at Boston, July 25, 1906.

ROBS BANK AND WOUNDS CASHIER

(ASSOCIATED PRESS TELEGRAM)
Addison, Ill., Oct. 25.—Associate Cashier Edward Rotermund of the Addison State bank was probably fatally wounded here today by a bandit who escaped toward Chicago in a yellow runabout after compelling Cashier E. S. Fischer to give him the contents of the cash drawer, about \$100.

Two men are thought to have been in the car when it fled. Rotermund entered the bank while Fischer was in the vault at the robbers' orders. He grappled with the bandit who shot him in the left side a little below the heart. He is in a critical condition. According to Fischer's account, the robbery took place at 10:30 a. m.

PRESIDENT WILSON AND GOVERNMENT OFFICIALS ATTEND REDEDICATION

Of Congress Hall at Philadelphia, Chief Executive Delivering Address—Hon. Champ Clark Orator of the Day

OLD HALL RESTORED TO ITS ORIGINAL APPEARANCE

Great Parade of Military and Patriotic Orders and the Quaker City Practically Takes a Holiday—President Delivers Address Standing on the Rostrum Where Washington Gave His Farewell Address—Salute of 21 Guns Fired by Warships in Delaware River.

(ASSOCIATED PRESS TELEGRAM)
Philadelphia, Oct. 25.—Congress Hall in Independence Square, the building where Congress met from 1790 to 1800, was rededicated today, after having undergone restorations to almost its original appearance. The President of the United States, members of Senate and House of Representatives; ambassadors from foreign lands; governors of the original thirteen states, and leading citizens of Pennsylvania and Philadelphia participated in the ceremonies.

Philadelphia, as it has on many occasions when patriotic ceremonies were held at the historic square, practically took a holiday. The spectacular feature of the celebration was a big parade in which was represented the two arms of the national military service, the Pennsylvania National Guard and patriotic societies whose members are descendants of those who helped either on the field of battle or in legislative halls to found the American government.

The exercises included an address by President Wilson and the orator of the day was Champ Clark, speaker of the National House of Representatives.

President Wilson arrived here in the early afternoon and was officially welcomed by a large reception committee composed of some of the leading men of the city. With the President came Vice President Marshall, Speaker Clark, Chief Justice White and several associate justices, senators from the thirteen original states and members of the House of Representatives equal to the number of members sitting in congress in the latter part of 1790 and the beginning of 1800. Ambassadors and ministers of European and South American countries who had accepted invitations were in the Washington party as were also the chaplains of the Senate and House.

Luncheon was served at the Bellevue-Stratford Hotel at which were present the President and Vice President, all the other invited guests from Washington, the governors of a number of states, and the several committees having charge of the ceremonies.

After the luncheon came the parade with President Wilson near the head of the line. In the procession were all the sailors and marines of coast artillery from Ft. du Pont and Ft. Mott on the Delaware river; a provisional brigade of the Pennsylvania National Guard, the Philadelphia cavalry commands attached to the state militia and the patriotic societies. The parade wound its way through the business section of the city to Independence Square, where President Wilson was escorted to Congress Hall. He was attended by the First Troop, Philadelphia City Cavalry, which has escorted ever President who has visited Philadelphia since the time of George Washington.

As the President approached the historic hall a chorus of one hundred voices greeted the nation's chief executive with a patriotic song. Brass bands played forth stirring music and the great crowd of people massed it and about the square cheered.

The old building is small, having a width of fifty feet and a depth of about seventy-five feet. For this reason only 150 persons could be crowded on the first floor where the lower House of Congress met. The Senate held its sessions on the second floor. During the exercises today President Wilson sat in the chair occupied by John Hancock, when he presided over the Continental Congress at the signing of the Declaration of Independence. It was the first time the chair had been used since President Grant requested the privilege of sitting in it in 1876.

The invocation was delivered by Rev. Henry N. Couden, D. D., the chaplain of the House of Representatives at Washington. This was followed by the singing of "Hail, Columbia."

Frank Miles Day of Philadelphia read a brief statement concerning the restoration of the building. Mr. Day was chairman of the committee of architects having charge of the work. Then followed the delivery of the building to the city by the president of the Philadelphia chapter of the American Institute of Architects John Hall Rankin, and its acceptance by the city.

The oration by Speaker Champ Clark and the address of President Wilson who stood on the rostrum of

the House where Washington delivered his farewell address, followed. The exercises were closed with the singing of another patriotic song and the pronouncement of the benediction by the chaplain of the United States senate, the Rev. Forrest J. Prettyman.

As the ceremonies came to an end a salute of 21 guns was fired by the warships in the Delaware river.

Congress Hall is a two story, shingle-roofed building. It stands on the southeast corner of Sixth and Chestnut streets, or in other words, in the southwest corner of Independence Square. To the east of it is Independence Hall.

The building was constructed for county purposes. Two different funds were raised to cover the expense. In colonial days it was the custom for the mayor of Philadelphia when going out of office to give a banquet. Instead of doing this, one of the mayors contributed the cost of the feast, 150 pounds, to the building fund for the new county hall. The other money used in its construction came from the sale of an old jail and workhouse. Gangs of convicts known then as "whitewashers" began its construction in 1787 and it was completed in 1789.

On March 4, 1789, the Assembly of Pennsylvania, acting for the county of Philadelphia, tendered the use of the building as the temporary home of Congress. Congress, which was setting then in New York, after much debate fixed the permanent location of the national government on the banks of the Potomac, and Philadelphia, mainly through the efforts of Robert Morris and to the disappointment of New York, was decided upon as the seat of government for ten years. On December 6, 1790, the first session of the first congress met in the hall, the first speaker of the house of representatives being Frederick Augustus Muhlenberg. George Washington was inaugurated in the hall on March 4, 1792, and in it he delivered his farewell address. John Adams was inaugurated as the second president of the United States within its walls and Thomas Jefferson was there sworn in as vice president.

While Congress sat in the hall the United States mint and the United States bank were established; Vermont, Kentucky and Tennessee were admitted to the union and army and navy were reorganized on a permanent basis. Jay's historic treaty with England was considered and (Continued on Page 3, Col. 1.)

CHARGED WITH PLOT TO CREATE A DISTURBANCE

(ASSOCIATED PRESS TELEGRAM)
Mexico City, Oct. 25.—General Don Jose Maria Saragor, former chief of staff of General Ponderosa, while the latter was minister of war, was arrested today on a charge of being concerned in a plot to create a disturbance in the federal capital on the occasion of the elections tomorrow.

This was the first indication that had come to the government of possible trouble. It is not expected that any outbreak will occur but the forces in the capital are to be held in readiness for instant action and other emergency measures have been taken to preserve order. The police have been instructed not to do anything which would conflict with the rights of the citizens to cast their votes.

Manuel Madero, a cousin of the late President Francisco Madero, was arrested today at Saltillo, on account of his alleged connection with a recently discovered plot in that city against the federal government.

HALF MILLION BLAZE.

Chicago, Oct. 25.—Fire which destroyed two warehouses of Swift & Company at the Union Stock Yards last night caused a loss of \$500,000, according to estimates today. Firemen still were battling with the blaze early today, although the fire had been placed under control before midnight. Twenty firemen were overcome by ammonia fumes when pipes burst, but all will recover.

GOVERNORS SEE GAME.

Indianapolis, Ind., Oct. 25.—Two governors, Dunne of Illinois and Balston of Indiana will witness the annual football contest here this afternoon between the eleven representing the state University of Illinois and Indiana. The governors will occupy a box located between the Indiana and Illinois sections built especially for them. The teams are said to be about evenly matched but betting slightly favors Illinois.

Established in 1870.

Entered as second class matter March 10, 1882, at the Postoffice at Newark, Ohio, Under Act of March 3, 1879.

Comparison of the Candidates for Mayor

Mayor Swartz has a record that is a credit to both himself and Newark city and that credit is state wide. It is on this record that the voter can decide his action when he casts his ballot. The voter does not have to trust Mayor Swartz on mere faith or on promises that are all things to all classes.

Mayor Swartz's opponent, Captain Bigbee, the Republican candidate, has no record and the average voter can have no reason to vote for him, other than that of a partisan political reason.

Of course the straight-out Republican voter, who wants to turn the Democrats out in order that the control of the city government may pass over bodily to his own party, will vote for Bigbee.

But what other reason can any voter frame up for supporting Bigbee as Mayor of this Democratic city?

What fault does Bigbee find with Mayor Swartz's record for law enforcement and keeping the commission of crime in our city down to the minimum?

Bigbee has made a public statement criticizing Mayor Swartz's record, and he has not declared himself in a public manner what changes in policy he will make if he is elected Mayor.

Mayor Swartz has declared his views on the proposed Sub-Way, but Bigbee is silent on the question.

If Bigbee is making promises to voters to get their support he is not doing it publicly, and the Public does not know what those promises are.

The voters know what Mayor Swartz has done and on his record they can decide how to cast their ballots on November 4.

But how can voters place reliance in Captain Bigbee, the Republican candidate, who has no record and only makes private promises if he makes any?

Why Risk a Change?

Every voter of Newark should realize the fact that Mayor Swartz's record for law enforcement and good government has come to the knowledge of the people all over Ohio, and therefore the credit of both the Mayor of our city has become state wide.

Can Captain Bigbee or his expert political supporters, who want the city offices, claim that it will be to the advantage of Newark if the voters at the coming election repudiate this record of the Mayor and this state wide credit the city is enjoying?

What promises does Bigbee make that will be an improvement on this condition of law enforcement and good safe government in our city?

If none, then why risk a change? Why risk a wholly untried man instead of the Mayor who has such a good record?

RODERIC JONES.

Roderic Jones, candidate for reelection as Solicitor was born in Newark, March 16th, 1879. He was educated in the Newark public schools, Denison University and the Cincinnati Law School, was admitted to practice in the Courts of Ohio in 1903, was admitted to practice in U. S. District Court in 1907, admitted to practice in U. S. Court of Appeals in 1909 and was admitted to practice in the U. S. Supreme Court in 1911.

Solicitor Jones is making a campaign based on performance and not on promises.

Over \$50,000 now in the hands of W. C. Metz, as receiver, has been adjudged to belong to the citizens of Newark, by the Court of Common Pleas in a suit tried by him under his direction. This case is now in the Court of Appeals. In addition to this case has been conducted and is familiar with details of the construction of the subway.

Uncle Walt's Philosophy

The Poorhouse.

The poorhouse, naked, grim and bare, stands in a valley low; and most of us are hounded there as fast as we can go. The paupers sit behind the gate, a solemn thing to see, and there all patiently wait, and wait for you and me. We come, we come, O sad-eyed wretches, we're coming with a will! We're all in debt up to our necks, and going deeper still! We're buying things we can't afford, and making the old time say of salting down a little home again, the rainy day? No more about the poor man's room; in gorgeous car, he scots! We've mortgaged upon our homes, our furniture, our coats, we've mortgaged all the ancient cars, we want the country red, we live like drunken millionaires, and never look ahead. The paupers, on the poorhouse lawn, are waiting in a group; they know we'll all be there anon, to share their cabbage soup; they see us in our costly garb, and say: "Their course is brief; we see the harbingers that harp of bankruptcy and grief." Be patient, paupers, for a span, ye friendless men and dames! We're coming, blithely as we can, to join you in your games!

ASHBROOK'S

NEWARK'S

Petitions Being Generally Signed By Democrats.

(Mt. Vernon Banner.)

Congressman William A. Ashbrook spent Thursday in Mt. Vernon and other points in Knox county. The laughing congressman is more than pleased with the situation throughout the district in reference to his re-nomination. His petitions are being generally signed by Democrats in every county in the district. Up to the present time fully half of the democratic voters of the district have declared for his nomination by signing his petitions.

In addition to the foregoing the Banner has the following in the same issue:

A PLETHORA OF CANDIDATES.

"Richland county has two candidates for the Democratic nomination for congress in this district. For several weeks Former Probate Judge Lewis Brucker of Mansfield has been an avowed candidate, and has visited Knox and other counties and started an organization in his interests. Last Saturday the Mansfield Shield made formal announcement of Judge Brucker's candidacy, and this was followed by the announcement in the Monday's edition of the same paper, that Hon. Curtis W. McBride, a prominent attorney of Mansfield, is also a candidate for the nomination."

The strong sentiment for William A. Ashbrook's re-election to another term is a recognized fact all over the district as well as in Licking County.

It matters not to the friends of Mr. Ashbrook how many other candidates may announce their names. The contest will be between Mr. Ashbrook and the field when the primary elections are held next year, and as the great mass of voters want the man who can best serve them they know enough to cast their ballots for the one who is best equipped to render service to his constituents, in consequence of his experience and his proverbial hustling qualifications. William A. Ashbrook has made himself so familiar with the wants of his constituents as to know how to serve them, and he does it.

On Second Thought

The trouble with house-work is that it never is sufficiently cross-grained to take a woman's mind off the fact that she will grow fat.

If before his death an elderly person was a charge upon his relatives, they are always pretty well satisfied that he is better off.

The custom, among men is to let low progressive leaders and place their money in conservative banks.

Ed. Wiley says the old time masters were so disagreeable that it is no wonder they were burned at the stake.

Tan's Beverly's objection to grand opera is not based upon the common ground that he can not understand it. Tan's objection is that nearly all of the male characters wear whiskers.

In the matter of being saved, a woman relies upon the Lord and a man upon his attorney.

The safety razor's most effective advertising agent is the man who waits until Saturday afternoon to have his hair cut.

The high cost of living is unimportant to the man who has the money to pay for it.

The man who wishes to live in a small town, or go to Heaven, must behave himself.

There is much figurative talk about "death by the sword," but the fact is, the man who survives until he is killed by a sword lives a long time.

THE NEWARK ADVOCATE

the office of the director of public service, who will be glad to go over the analysis in detail with any person interested.

The test being made by H. H. Craver, chief chemist of the Pittsburgh Testing Laboratory who has offices in all large cities, and are rated to be a first class and reliable firm, so that it can be seen very easily that the grade of water, now being furnished the citizens is probably better than any city in the state.

Pumping Station.

Built in 1908 and located on the west bank of the north fork of the Licking river, about two and a quarter miles north of the center of the city.

Fuel is bituminous coal, purchased at a price of \$1.12 1-2 c. o. b. the mine plus 25 cents for freight per ton as against \$1.25 per ton, c. o. b. the mine, with the same freight rate during previous administrations.

The chief engineer has been in charge of the plant for the past four years, living close to the plant. The plant is operated in two shifts. Three men in daytime and two at night. The old pumping station formerly operated by the Private Water Co. has been abandoned.

Equipment.

Two, 5,000-gallon, crank and fly-wheel, compound duplex, Platt pumps and two hundred h. p. Atlas water tube boilers all installed in 1907 and in good condition. One of the two pumps with one boiler is in operation continuously. Average water pressure maintained, 112 lbs.

Consumption.

Pumping record previous to 1911 is of little value. The average daily consumption with no allowance for skip is at a per capita rate of 83 gallons based on estimated population of 26,200.

Meter and Service Connections. One thousand, one hundred and fifty-six house connections have been made during the year 1912 and 1913, as against 235 made during 1911 and close to 500 meters have been set during 1913, a greater number than during previous years.

Comparison.

The following number of miles of water line have been laid:

1911 1.98 miles.
1912 0.34 miles.
1913 2.05 miles.

Five cross connections between the old company's and the new system's mains were constructed in accordance with recommendations of National Board of Fire Underwriters.

The following is taken from the Public Service Magazine, published monthly by H. J. Gordon, Peoples Gas Building, Chicago, Ill., which favors businesslike dealing between the public service corporations. It seeks to eliminate politics from the consideration of public utility questions on their merits, and believes the best settlement in every case, is that which is brought about without misrepresentation or political influence from either the public or the public service corporations.

In the January, 1913, number, on page nine, the following appears:

"The present Director of Public Service is James McCarthy who is regarded as a very efficient public officer, he has a reputation of being capable and industrious and conscientious and as a rule his work is commended. He has held the office of the director of public service since January, 1912, and it is said to his credit that he has added considerable to the water works receipts for this year by the collection of delinquent accounts and otherwise improved the efficiency of his department."

It is also shown on page 10, in which the writer of the story in talking with a business man quoted as follows: "I have no fault to find with Mr. McCarthy and I think the city is fortunate in having so good a man under the circumstances. He is faithful and conscientious and his work certainly must be worth all the salary he gets. But we cannot be sure of always having as good a director of public service as we have now, and that is one of the principal troubles that I can see ahead of us."

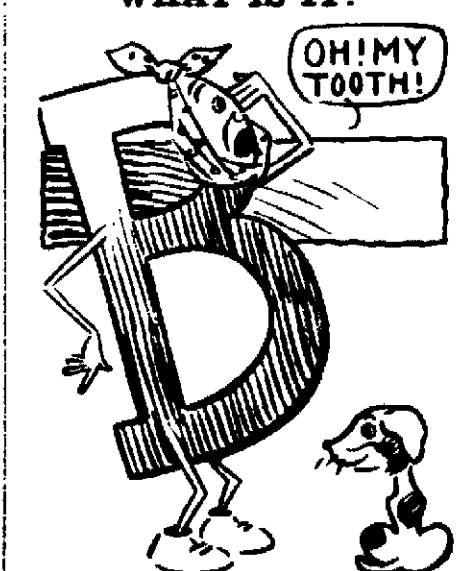

Finances.

Besides constructing a centrifugal pumping station, two 2,000 mile water lines and making service connections setting close to 500 meters, keeping the pumping station and engines in good order, rebuilding part of the distribution system and paying all operating expenses from the revenue of the water works, this department has turned over to the sinking fund trustees for the retirement of water works bonds and interest the sum of \$50,000 and between now and the first of the year will have enough money on hand to turn over an additional five or ten thousand dollars.

Conclusion.

In the report of the examination of the water works, shows that it is self sustaining and with an increase in business, will be able to more than pay the bonds and interest as they come due, and increase the water service according to the needs of the people.

WHAT IS IT?

What occupation?
Answer to Friday's puzzle—Jason

SUFFERED TWELVE YEARS CATARRH OF STOMACH

RELIEVED BY PERUNA

W. M. Shanks' Scottsburg, Ind., Memo.

Most of our testimonials are old acquaintances. That is to say, we have been in correspondence with them for ten or fifteen years.

Mr. Shanks, however, is a new comer. He is an old friend of Peruna, but he never called our attention to the fact until very lately. We welcome him to the host of users and believers in Peruna. His appearance speaks for itself, and his letter reads:

"It affords me great pleasure to inform you of the good results I have derived from the use of your excellent remedy, Peruna. I had catarrh of the stomach and bowels for twelve years and tried many remedies with only temporary relief. I was induced to try Peruna, and after taking six bottles I was completely relieved. I had taken almost three bottles before I could see that I was receiving any benefits, but when I had taken the six bottles I was completely relieved, and I feel very grateful to Peruna, and I have recommended it to quite a number of my friends. I still take a bottle every spring. My wife has used it with good results. You can use this or any part of it if you see fit."

"I enclose photo; also photo of my house. Yours, W. H. Shanks."

Mr. Shanks' story is very similar to many others. A long siege of chronic catarrh. A long list of failures in trying to find a remedy. Finally a friend induces the patient to try Peruna. Sometimes the first bottle gives relief. Other times a number of bottles must be taken. This is the story that has come to us from every state in the Union, and from many of the English speaking countries scattered through the world.

If it is not true that Peruna really does relieve catarrh of the head, throat, lungs, stomach, bowels and other organs, then why do the thousands of testifiers state that they have been benefited? No one is in a better position to know than they who have used it in their sickness. We appreciate their loyalty to their convictions. We also appreciate the gratitude which induces them to allow their names and pictures to be used for the benefit of the public. The exact truth is all we want. That is all we publish. We could not possibly be induced to publish anything else.

Peruna is a great remedy, we believe. A standard household remedy. There are thousands, yes hundreds of thousands, of homes where it is in constant use. There are millions of other families who if they knew of Peruna and its value, would not be without a bottle in the home.

Those who object to liquid medicines can now obtain Peruna Tablets

Let me send you FREE PERFUME Write today for a testing bottle of

ED. PINAUD'S LILAC

The world's most famous perfume, every drop as sweet as the living blossom. For handkerchief, atomizer and bath. Fine after shave. All the value is in the perfume—you don't pay extra for a fancy bottle. The quality is wonderful. The price only 75c. (6 oz.) Send 4c. for the little bottle—enough for 50 handkerchiefs. Write today.

According to a German official test networks of telephone wires over a city tend to diminish the danger from lightning.

Many a fellow seems to labor under the delusion that everybody's business is his business.

4% OLD HOME

A Needless Hesitancy

We sometimes fear that many people are deterred from opening a savings account with a dollar because of a suspicion that the teller will smile at so small a sum or that the Association itself may not really care for small accounts.

If the day ever comes when that attitude exists in this office we shall feel that our truest usefulness is past.

THE SMALL SAVER IS AS WELCOME HERE AS THE HEAVIEST DEPOSITOR.

Utterly Wretched

Nervous Prostration Long Endured Before Remedy was Found. Miss Minerva Reminger, Upper Bern, Pa., writes: "For several years I had nervous prostration, and was utterly wretched. I lived on bread and beef tea because my stomach would not retain anything else. I took many remedies, but obtained no relief until I took Hood's Sarsaparilla, when I began to gain at once. Am now cured." Pure, rich blood makes good, strong nerves and this is why Hood's Sarsaparilla, which purifies and enriches the blood, cures so many nervous diseases. Get it today in usual liquid form or deodorized tablets called Sarsaparilla.

Every Man Invited. To hear Dr. Rowlands at Central Church of Christ, Sunday at 2 p. m. Men Take Notice.

Dr. H. O. Rowlands will speak to men only on the "Impending Crisis," at Central Church of Christ, Sunday at 2 p. m. Every man invited.

Birth Announcement. Born to Mr. and Mrs. Jesse Cole of Detroit, Mich., a son, Mrs. Cole was formerly Miss Daisy Arnold of this city.

District Meeting. District meeting of Ladies' Auxiliary, K. of St. J., will be held Sunday at 3 1/2 East Rich street, Columbus O.

Change of Time. St. Paul's Evangelical Lutheran Sunday School will begin at 9 o'clock tomorrow morning. There will be special services. All members please take notice of the change of time.

Machine is Riffled. William Moore filed complaint at police headquarters Saturday that some one had rifled open the money drawer in a nickel-in-the-slot piano at his place in Railroad street. Nickels amounting to several dollars were stolen.

Erecting Wireless Staff. Workmen started Saturday erecting a staff which is to support the wireless antennae above the Lansing block, for Haynes Bros., jewelers, who will receive Washington standard time by wireless. The entire apparatus will be ready within a few days.

Agreed to Leave Town. Albert and Sadie Wilson, arrested Friday in West Newark on a charge of begging, were arraigned before Mayor Swartz in police court Saturday morning. They agreed to leave the city at once if the court would extend its leniency to them.

Real Estate Men's Meeting. Real estate men of Ohio are looking forward with a good deal of interest to the fourth annual convention of the Ohio State Association of Real Estate Exchanges to be held at Cleveland, O., next Thursday, Oct. 30. The gathering will be held in the Hollenden hotel.

Masonic Funeral. The members of Acme Lodge No. 534, F. & A. M., will meet Monday afternoon, October 27, at 1:30 o'clock to attend the funeral of our late brother, James Parnell. The members of Newark lodge and all sojourning brethren are invited to join in paying this last tribute to his memory. C. W. Kent, W. M., C. L. H. Long, Sec.

An Old Friend. Mr. George Hoxworth, of Long Beach, Cal., an old time borough chum of the editor of the Advocate in Holmes county, back in the better days of the Republic, was a welcome caller at the Advocate sanatorium this morning. If there is anything more heart-stirring than the meeting of such an old time friend, the editor of the Advocate has not met it in his long experience and social contact with his fellows.

Won First Prize. Mrs. C. F. Glenn of Indiana street, are rejoicing over the distinction won by their infant grandson recently at the Portsmouth corn carnival. The child, a son of Mr. and Mrs. Walter Glenn, was awarded a \$10 cash prize for weight and beauty in proportion to age. It was first prize awarded in the baby show contest over which three clergymen presided as judges. The babe's father is a machinist in the L. & N. shops in Portsmouth.

Harvard's Field Wet. Cambridge, Mass., Oct. 25.—Coach Hollenbach's expressed hope for a dry field for the initial appearance of Pennsylvania State eleven in the Harvard stadium was not realized. Rain fell heavily through the night and today continued unsettled. Today's conditions hampered the visiting team somewhat as they were depending on speed to offset the greater weight of the Crimson. Hitchcock had not sufficiently recovered from an injury received in practice to play at tackle for Harvard.

Pennsylvania has more than 1- 600,000 public school pupils.

Lane Divorce Case. Probate court was occupied Saturday morning with a re-opening of the Lane divorce case. The parties to the suit are Frank and Kate Lane, of Pataskala. Mrs. Lane seeks alimony for support of a child born eight weeks ago, since the divorce action was instituted. She alleges she and Lane had agreed to live together again and took up residence in Columbus for two days. Lane was not present in court Saturday morning, but was represented by Attorney B. R. North. B. G. Smythe is counsel for Mrs. Lane.

Common Pleas Court. In Common Pleas court on Saturday, the court heard the evidence in the matter of the appointment of a receiver for the property of William Weyant, who, it is claimed, is not competent to transact business. After hearing the evidence, the court continued the case until a day to be set hereafter, when counsel will argue the matter to the court.

Bar Association Meeting. At a meeting of the Licking County Bar Association, held on Saturday, a committee consisting of J. R. Fitzgibbon, Phil. B. Smythe, Chas. L. Florv, R. O. Martin and H. C. Ashcraft was appointed to re-draft the fee bill of the association. A report is to be made to the association on Saturday next.

Marriage Licenses. Frank Joseph Spence, 23, glassworker, Newark, and Roba T. Garrison, 24, Newark. Rev. Calvin G. Hazlett to officiate.

FLICKER GRAEF'S SALOON PROPERTY SOLD AT AUCTION

Auctioneer W. C. Seward Saturday morning sold at auction, the stock of wines, liquors and tobaccos, together with the fixtures of the saloon owned and operated by the late Frank (Flicker) Graef. The stock was not offered as a whole, but was sold in small lots. As a rule the stock brought pretty fair prices. A total of about \$225 was realized from the sale. It was conducted by Mrs. Graef as administratrix of the estate.

Obituary

James S. Parnell. The exemplary life of James S. Parnell is at rest. Rise in years and beloved by all, a worthy member of society, goes to his last reward Saturday morning at 1 o'clock the sad intelligence became known that Jas. S. Parnell had passed away. The deceased was one of the best known and universally respected men of the country. He was 84 years of age the 14th of October, and he spent the greater part of his life in Licking county. He was a prominent member of the M. E. church for 51 years. Always at his place in the church, he aided the work of the Master by his profession and support. He was also a member of the Masonic fraternity for over 50 years. He was married to Mary Frances Brown on March 2, 1856, who preceded him five years ago. To that union two children were born, E. W. Parnell of Wilmington, Del., and Mrs. Lee E. Miller of the home.

Funeral services will be held at the family home, 215 West Church street, Monday afternoon at 2:30 p. m., under the auspices of Acme lodge No. 534, F. & A. M., of which the deceased was a member.

Funeral of Mrs. Mary E. Hillinger. The funeral of Mrs. Mary E. Hillinger, wife of William Hillinger, whose death occurred Wednesday forenoon, was held at the residence, 156 Elmwood avenue, at 2 o'clock Friday afternoon. Interment was in Cedar Hill cemetery.

Infant Parkinson. The infant child of Mr. and Mrs. Fred Parkinson of North Eleventh street, died Friday night at 10 o'clock. It was one day old. Interment was made Saturday morning at Cedar Hill cemetery.

Card of Thanks. We desire to thank our friends, neighbors and the O. & O. employees and officials for their kindness and sympathy in our bereavement, also for the beautiful floral offerings. William Hillinger, Mr. and Mrs. William Bowers and family.

Card of Thanks. We desire to express our sincere thanks to our friends and neighbors for their kindness and sympathy shown us in our bereavement in the loss of our beloved husband and father, James W. Shaw. We especially thank the Rev. Cox for his comforting words, the U. B. church and choir, the Brotherhood of Firemen, the Odd Fellows, the South Side Chapel, and to every one sending floral offerings or assisting in any way. Mrs. Shaw and Paul. 10-25-1t

DARTMOUTH IS SPEEDY. Princeton, N. J., Oct. 25.—The Princeton football team was given its first real test of the season today when it lined up against the Dartmouth eleven on University field. For the first time in several years the wearers of the orange and black outwitted the wearers of the dark green. The Dartmouth team, although lighter than usual was above the average in speed.

HARVARD'S FIELD WET. Cambridge, Mass., Oct. 25.—Coach Hollenbach's expressed hope for a dry field for the initial appearance of Pennsylvania State eleven in the Harvard stadium was not realized. ROAD AND BRIDGE BONDS SOLD TODAY

Licking county clinched its position as the first county to issue bonds to carry out its part of the coast-to-coast highway construction, when commissioners Saturday sold the \$100,000 bond issue to Sidney Spitzer & Co., Toledo, at a premium of \$170. An issue of \$24,000 worth of bridge bonds offered at the same time was awarded to the First National bank of Newark at a premium of \$251.

Commissioners declared these two firms offered the only unconditional bids. Other bidders were: Farnson, Son & Co., New York and Chicago; Stacey & Brown, Toledo; Provident Savings Bank & Trust Co., Cincinnati; First National bank, Cleveland; Seasoned & Meyer, Cincinnati; Harris, Forbes & Co., New York; William H. Compton Co., St. Louis, and Otis & Co., Cleveland.

Beauty, Stability, Reliability And Integrity

These are the four great characteristics embodied in the **QUALITY FURNITURE** that fills the four large floors of this big store. It's the only kind of furniture we would care to have in the store, and it's the only kind you would want in your home.

- NEWNESS**—A virtue you will always find here.
- ORIGINALITY**—A feature that raises these quality stocks out of the rut of commonplaceness.
- ECONOMY**—Due to straightforward facts and figures respecting worth and values.
- LASTING SERVICE**—No fanciful tawdriness of design or construction.

That is "**QUALITY FURNITURE**" as we understand it and as you will always find it here. For more than a quarter of a century this business has been building along these lines; steadily, firmly and surely, like the sturdy oak, has been its growth, until now it is the largest business of its kind in the state of Ohio, any one of our string of stores being much larger than the first store was a quarter of a hundred years ago.

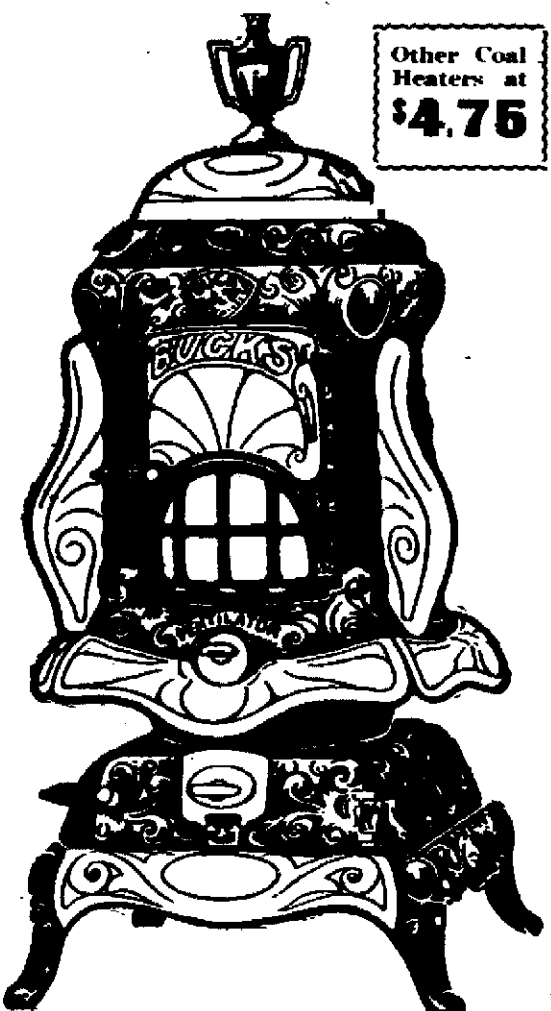

OUR SIMPLE, DIGNIFIED EASY PAYMENT ARRANGEMENT

Has made it possible for the wage earner to become the possessor of substantial home furnishings. Our plan is **NOW** especially advantageous and particularly desirable because we charge **NOT ONE PENNY EXTRA WHEN YOU TAKE YOUR TIME TO PAY**. The price is **EXACTLY THE SAME** as if you paid all "cash down." This matter is worthy of your investigation. It is a decided departure from the old-fashioned, two-prices, installment ideas prevailing elsewhere. Why pay extra simply because you use your credit? That the buying public appreciates our **NEW PLAN** is evidenced by the wonderfully large increase of patronage we are enjoying. It will pay **YOU**, too. **WE PROTECT YOU IN SICKNESS OR WHEN OUT OF EMPLOYMENT.**

Look Closely At This Magnificent Stove

The picture does not do it justice or give you an adequate idea of its beauty, but its beauty is not its most desirable feature. This "**VENTILATOR**" combines all the features of a **HOT BLAST** and **AIR TIGHT** coal heater. It requires blacking but once a year. It will give hard coal results from the cheapest dirtiest slack.

The shape of the fire pot and scientific location of the inner hot blast ring causes the fuel to roke in the center and to burn from the outside toward the middle, thus utilizing the entire product of combustion. The patent feed ventilation makes it impossible for the stove to puff. All doors and dampers are milled and it will hold fire for 34 hours with no other fuel but slack. We will have one on the sidewalk for demonstration this afternoon and evening. We will bake biscuits in the ash pan in 3½ minutes, thus proving that it heats the floor. We have not the space to recite all of this stove's exclusive advantages, but if you are interested in a **GOOD STOVE** that can not use more than \$10.00 worth of fuel in a winter, come and look these over. They are priced from

Other Coal Heaters at \$4.75

\$21.50 to \$42.00

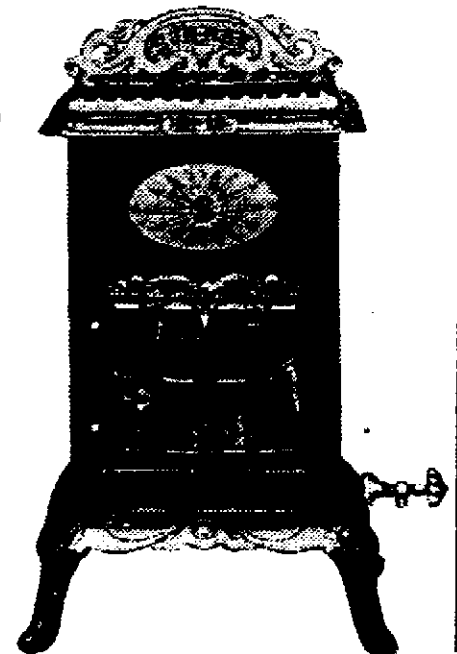

Any one on payments of 50c to \$1.00 per week.

Guaranteed Gas Heater

Priced from **\$3.50 to \$22.00**

You will serve your own best interests by buying your gas heater here. Let us show you why. All pipe, collars, elbows and dampers furnished free.

Easy payments if you desire.

Oriental Domestic RUGS

Our Rug and Carpet Department

Is literally overflowing with good things. Aside from our Stove Department, it is the busiest place in all the store. For decoration and utility the rug has taken first place in the modern home. It has become a necessity rather than a luxury. From every viewpoint it is now generally conceded to be the most decorative, economical and durable floor covering that one can buy. Our stocks embrace every desirable design, from the little—but good—up to the largest—and best.

Small Rugs 98¢ to \$4.50 Room Size Rugs \$3.95 to \$45

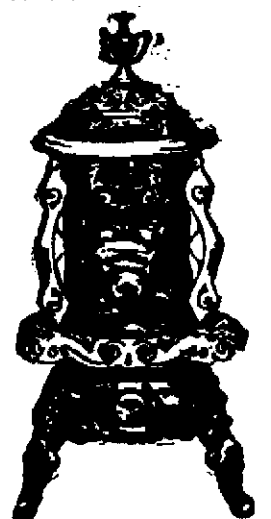

SAME EASY PAYMENTS

HERE IS ANOTHER STOVE THAT IS DIFFERENT GAS RING COAL STOVE

This is a **COMBINATION** COAL and GAS heater. The gas ring is on the **OUTSIDE** of the fire bowl. You can burn gas and coal at the same time if you wish to do so, for the one does not interfere with the other.

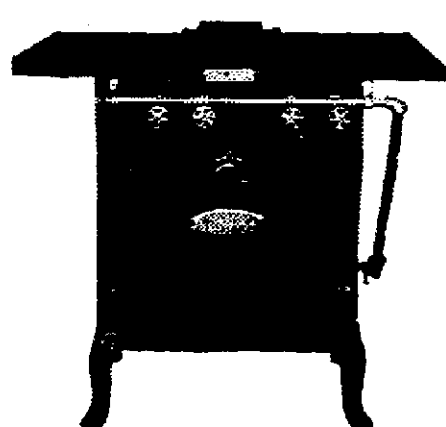

We have not mentioned it before this season, because we were simply swamped by orders for this stove last season, and could have sold five times as many as we were able to secure from the factory.

We have one connected up in the store. Come in and see it in operation. They are priced from

\$11.50 to \$22
All pipe furnished. Any one sold on payments of 50c a week.

Gas Range

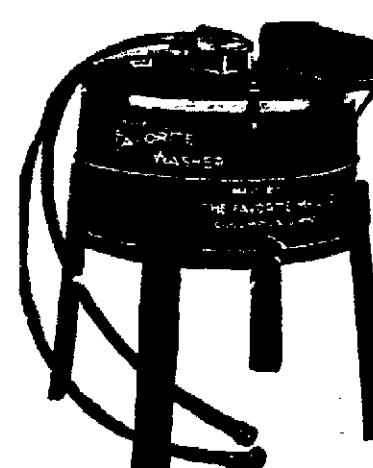

Four-hole cast top, with solid and skeleton lids; drop oven door; 18-inch oven lined with genuine aluminum metal. An incomparable value—exactly like picture. All pipe furnished. Price

\$12.25

\$1.00 down, 50c a week.

This is Just a Little Reminder That Now is a Good Time to Buy That

Motor Washer

This machine has had by far the largest and most extensive sale of any motor washer ever sold in this part of Ohio. It is guaranteed both by the manufacturer and by ourselves. It's a dandy.

The Price is

\$13.50

\$1.00 down, 50c a week

Chiffoniers

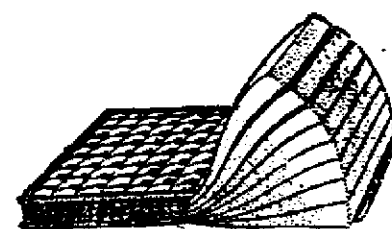

The Chiffonier is becoming one of the most important pieces of the furnishing of nearly every bed room. The roominess of these pieces makes them very desirable. We are making a strong display of Chiffoniers on our third floor. Every one is a good one, and they range in price from

\$7.50 to \$25.00

Any one on easy payments if desired.

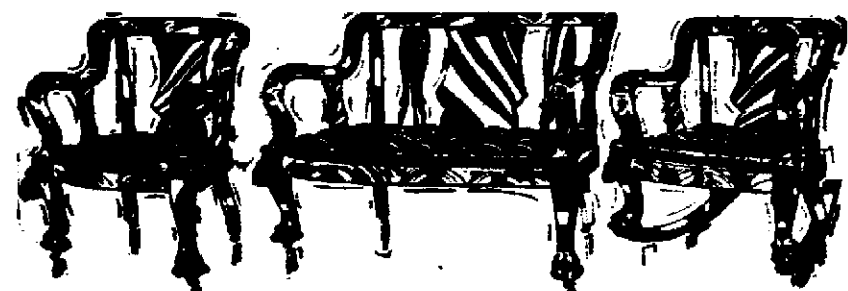

Mattress

LUMPY MATTRESSES MAKE GRUMPY PEOPLE

So much of our life is spent in bed that it is very important that our sleep be sweet and restful. We do not frequently mention bedding in our advertisements, because it is our conviction that we have been and are still enjoying the largest bedding business in Central Ohio. We take the occasion to cordially invite you to visit this department.

Three-Piece Parlor Suite

Frame is rich, lustrous mahogany finish, and the upholstery is **GENUINE LEATHER**. Exactly like picture.

Special \$19.75

\$1.00 down, 50c a week

Davenports, Divans & Divanettes

Are shown on three floors. It is really amazing how many of these are being sold here each year, and the number being sold is increasing each week. They are surely most desirable pieces of furniture, combining, as they do, a beautiful parlor piece and a bed. They are most reasonably priced, but if you are looking for \$9.98 or \$11.98

Davenports you will NOT find them here, for we will never sell that sort of junk. Such pieces are below **PARISH STANDARD** quality and no honest dealer will recommend them. Come in and look these over. It is a pleasure to show them.

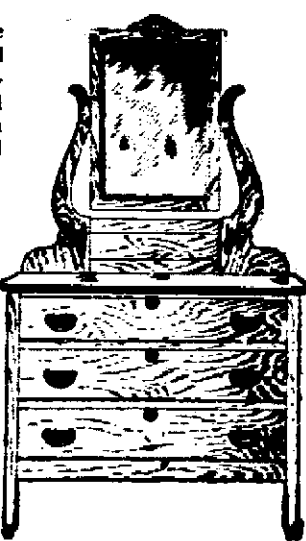

Solid Oak Dresser

With three drawers, wood (not metal) handles; nice sized genuine French plate beveled mirror.

Special **\$8.75**

\$1.00 down, 25c a week.

Other Dressers up to \$40.00.

Solid Oak Dining Room Chairs

Box seat, continuous back post, quartered top slat and panel. Upholstered in genuine leather. Set of six chairs.

\$11.25

Cash or payments of 25c a week.

Solid Oak, Pedestal Dining Room Table

42-inch top; pulls out full 6 feet. Colonial feet, round pedestal, machined rim, casters. At

\$11.75

Cash or payments of 50c a week.

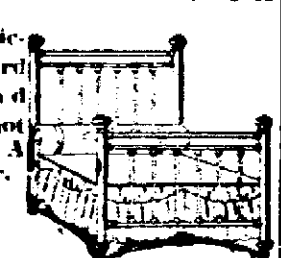

This Beautiful Brass Bed

Just like picture. Darned lacquered and guaranteed not to tarnish. A limited number.

\$9.95

Cash or payments of 25c a week.

Leather Arm Chair

Very appropriate for library, parlor or living room. They combine beauty and luxury. We have some with magazine racks in arms.

Priced from **\$11.50 to \$28.50**

Beautiful Buffets

In Golden Oak, Fumed Oak and Early English. An exceptionally large and varied showing.

Priced from **\$12.75 to \$52.50**

Cash or easy payments.

Luxurious Rockers

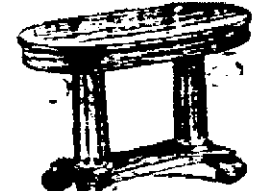

Every one upholstered in guaranteed material. Floor and platform rockers priced from

\$8.50 to \$25.00

Easy payments

Library Table

An interesting and extensive line of Library and Parlor Tables. All woods, and all finishes, many designs.

Priced from **\$4.85 to \$36.50**

The World's Greatest Beauties

SINCE THE DAWN OF HISTORY
HAVE HAD BEAUTIFUL HAIR

SINCE THE DAWN OF HISTORY
HAVE HAD BEAUTIFUL HAIR

NEWBRO'S HERPICIDE CO.

In all affairs of the heart, whether of war, politics, business, beautiful women always exerted a mighty influence.

This superabundance of the feminine loveliness is seldom attained by the sterner sex, but it is there, the same and no one realizes this better than mere man. He is a daily worshiper at the shrine of Venus and a passively willing slave to her charms. This condition has existed as long as the world began, until, to the lord of creation, the regular and magnificent tribute to beauty has become a habit.

In the early days, to enhance the pristine beauty of their hair, the women resorted to the use of pomps and ointments. Much care was given to their hair, being devoted daily to the manipulation of the tresses by her slaves and hand maids.

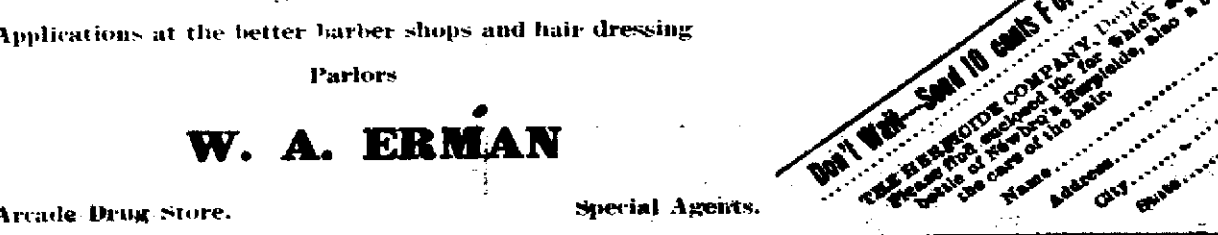

Today the girl or woman, desiring to appear at her best and to have healthy luxuriant hair, turns to the use of

NEWBRO'S HERPICIDE

A Most Delightful Hair Dressing

Thousands of ladies testify daily to the merits of Newbro's Herpicide for the eradication of dandruff and itching hair and to stop itching. It contains no grease and does not darken the hair. Herpicide has an exquisite odor, appealing to good taste and refinement. Always satisfying and frequently wonderful are the results which follow the regular and intelligent

BREATHE FREELY! OPEN NOSTRILS AND STUFFED HEAD—END CATARRH

Instant Relief When Nose and Head are Clogged from a Cold. Stops Nasal Catarrhal Discharges. Ends Headache Venosities.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasal discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake to-night struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

Horn of the city schools, F. B. Pierston of Columbus, and Miss Sylvia Siegfried of Croton.

All members and friends are urged to be present on "Stunt Night" Tuesday evening, October 28, 7:30. The physical department expects to make you laugh.

Mr. W. H. Booth of Zanesville made the association a visit on Wednesday. He was seeking some light on the organization of the work of the association. Mr. Booth is now the secretary of the newly organized association in Zanesville.

The annual State Boys' Conference will be held in Fostoria, Nov. 25, 26, 27. Several delegates will attend from the local association.

Mr. Jacob Kies of Toledo is the latest dormitory arrival. Mr. Kies is to be employed for a few weeks at the little works.

Educational classes meet Tuesday and Thursday evenings 7:30 o'clock. Mr. D. L. Rogers, field secretary of the state executive committee of the Young Men's Christian Association visited the local association Friday.

MRS. POWELL AT PLYMOUTH CHURCH

In connection with the week-end Bible class next Friday at 7:30 p. m. at Plymouth church, there will be a special social and song service. Mrs. Grace Powell, who was with Dr. Lyon in Newark during the telephonic meetings a year ago, will be present and sing. No admission charge. Everybody welcome.

LABOR NOTES

Tomorrow morning (Sunday) will be the last regular meeting of Newark Trades and Labor Assembly for October. All delegates should be present. Business of importance to be attended to.

Were you at the Clarence E. Darrow lecture? If so you were not disappointed, were you, for surely it was all that could be desired—so those that were there report.

Our last meeting, October 12, was called to order on time by President Morgan and the chaplain opened the body in due form. Roll call of delegates showed a large turnout, all officers reported present except First Vice President Wise, who was at Portsmouth getting matters arranged for the opening of the Ohio State Federation of Labor, he being a delegate from the Barbers' Union.

The journal of last meeting was approved as read by Secretary Johnson. Many communications were read and all referred to proper committees. Bros. Robert E. Davis and Clyde Kimball were obligated as delegates from the Barbers' Union. The arbitration committee made a good report. A sub-committee on the Darrow lecture was appointed as follows: Bros. Streit, Archer, Huff and Bingham. The sub-committee through its chairman, Clifton H. Rosebrough, made a report endorsing the sub-way bond issue which was received and filed, unanimously.

Bro. W. A. Archer was elected 2d vice president to fill vacancy. Bro. Denning's resignation having been accepted. Our president, W. M. Morgan, who was the assembly's delegate to the Ohio State Federation of Labor convention at Portsmouth, will have a detailed report from the convention just closed.

PRESS COMMITTEE.

The Family Cough Medicine.

In every home there should be a bottle of Dr. King's New Discovery, ready for immediate use when any member of the family contracts a cold or a cough. Prompt use will stop the spread of sickness. S. A. Stid, of Mason, Mich., writes: "My whole family depends upon Dr. King's New Discovery as the best cough and cold medicine in the world. Two 50c. bottles cured me of pneumonia." Thousands of other families have been equally benefited and depend entirely upon Dr. King's New Discovery to cure their coughs, colds, throat and lung troubles. Every dose helps. Price, 50c. and \$1.00. All druggists. H. E. Bucklen & Co., Philadelphia or St. Louis.

In a group of 25 boys taking "part-time" agricultural work in five agricultural schools in Massachusetts last year, two earned more than \$200 each, 12 more than \$200, and only three less than \$100 from their farm produce.

WONDERFUL CURE OF SCALP DISEASE

Hair Came Out in Patches. Goodhair Soap Brought Prompt Relief.

"I have had Eczema on my scalp for twenty years. Have consulted with several doctors, but with no permanent good results. The first time I used Goodhair Soap my hair came out in patches as large as a silver half dollar. I was scared and thought I wouldn't have any hair. If I continued to use the soap I was told it was only the dead hairs that had come away. I continued to use the Soap, and now, after three months, all those bald spots are covered with a good growth. My hair is better than ever. I have no Eczema, and no scalp never itches."

Yours respectfully,
HENRY STEFFE,
Union, Ohio.

"I have used Goodhair Soap on the cure of dandruff and falling hair. I think it an excellent article for the purpose intended."

DR. W. T. RANKIN,
127 E. State St., Columbus, O.

"I have had an eruption of the scalp for the past 12 years. Have tried all the popular remedies, and have found none to give relief and cure until Goodhair Soap was used. Can say that I consider it the best scalp and skin curative soap on the market."

W. S. ANDERSON, Druggist, Newark, Ohio. Will not supply you with Goodhair Soap, send 25c. to Goodhair Remedy Co., Newark, O. Sample on request.

Y. M. C. A. NOTES

The association has welcomed visitors from Pitts. Arg. Pa.; Conneautville, Pa.; Columbus, O.; Cleveland and Cincinnati within the last week. They usually say, "You have a nice building for a town of this size. Just how large is Newark?"

The two shot meetings were well attended this week. Don D. Tufts and F. E. Holloway spoke and Mrs. F. E. Holloway, Junia Sells, and K. I. Dickerson assisted with the music. The attendance at the two places was 127.

Physical Director Roberts has begun Calisthenics work at certain periods in the North Fourth street school. This work will be extended as it seems advisable.

A marked copy of the Valley Register, published at Nelsonville, says General Secretary Bush of the association there has resigned and that Harry Tinnen, the physical director will have full charge of the work after November 1. Harry grew up in the local gymnasium. We are glad to know of his success. Howard Williams, another Newark product, is new physical director at Bucyrus, O.

The Licking County Teachers' Association met in Taylor Hall today. The speakers were Miss May Van

There are lots of good wall paints on the market, but here's one that's just a little bit better.

Spartan Art Wall Finish is an oil paint possessing all the best decorative features of a good calomine or wall paper.

It is germ proof, washable; has the sanitary features of a fine enamel paint, plus the beautifying possibilities of the best fresco work.

It works freely and smoothly, drying hard and flat without laps, allowing ample time for brushing out.

If you're an architect, ask us; if you're not an architect, ask one.

Spartan Art Wood Stains

are the top notch stains for interior wood work. Ask any good Architect.

SPARTAN FLOOR WAX—For new floors where a hard polished surface is desired. Grows harder with age and practically never wears out. In paste form.

Notice To Mothers

A CHILD'S vest that protects the chest and abdomen and "won't work up" is what every mother wants. The

Vanta Vest

does this perfectly. The only vest that "won't work up." You'll be delighted with the ease with which you can keep the garment in place.

Ask to see the Vanta Vest

Why Don't You Try a Vanta Vest Outfit For Your Baby?

VANTA VEST is the infant's ideal shirt. NO PINS NO BUTTONS. Double breasted and fastens below the curve of the abdomen, so it won't work up.

Not One Turn Necessary to Dress Baby

When you dress it in this comfortable, pinless and buttonless Vanta Vest, it doubles over the abdomen and is a snug fit, has no open laps, and gives the extra double thick front which the baby needs to prevent coughs and colds. Vanta Vests fasten below the curve of the abdomen, and cannot work up. They fasten in front with three bows of VANTA TWISTLESS TAPE making it unnecessary to turn the baby over while dressing. VANTA VESTS are made in sizes for children of all ages and sell from 25c up.

Vanta V Band

Affords extra protection against temperature changes. A simple little garment that slips on or off without removing any other article of clothing. Fastens in front of the shoulders, has a V-shaped back, keeping the shoulder supports in place. Made all in one piece. Made in VANTA qualities and sell from 25c up.

Vanta Abdominal Binder

The pinless pinning band. No pins, no buttons, no sewing, goes entirely around baby's abdomen, and fastens with VANTA TWISTLESS tape bows. Only 25c each.

FREE---Pattern of Pinless, Buttonless Diapers

To show every mother how simple and comfortable garments are, we will give you absolutely free a complete pattern of VANTA PINLESS AND BUTTONLESS DIAPER. Extra thickness where needed but no bulkiness. Nothing to buy to get this pattern. Just come in and ask for it AT OUR CHILDREN'S UNDERWEAR DEPARTMENT.

Better Wake Up

to the fact that it pays to buy the best lumber such as we sell. There is less waste to it in the first place, less expense for repairs afterward. You'll do yourself a good turn by having us fill your next lumber order. Even if you require but little you'll find it pays well to procure it from this yard.

HENRY O. NORRIS
Locust and Fourth Streets.

Dedication of the New Keller School Building Occurred Friday Evening

Though its four rooms are ample to accommodate the regular attendance of school children not accommodated at the Riverside school, its capacity was far too small to accommodate comfortably the crowd that surged through the halls of the new Keller school, Maple Avenue and Stevens street, Friday night during the program of dedication.

Several hundred who found it impossible to squeeze into the small room where the exercises were held, or who were unable to hear from the outside, left for their homes, after an inspection of the building, a free glass of lemonade served by school children, and after listening to several splendid selections by the High school orchestra.

The program opened with all singing "America," followed by invocation by Rev. W. H. Bauer, and remarks from President Kibler and ex-Senator W. E. Miller, of the board of education, was quite similar to those exercises at the Hartzler and Mound schools.

Mrs. Jennie Winn, on behalf of the Daughters of America, with impressive remarks and injunctions to look well to the patriotic training of the coming citizens, presented the school with an immense flag, immediately after which pupils of the school sang "Our Flag" in chorus. The flag was accepted on behalf of the school by its principal, Miss Louise Wulfoop.

Daughters of America also presented the flag to the Hartzler school in South Fifth street.

Ex-County Auditor C. L. Riley, on behalf of North Newark citizens, responded to the greetings expressed by members of the board of education, in the section in which the school is located, to use these industries as

the basis for the education of the children of the state.

Clerk S. W. Haigh, gave total cost of the Keller building at \$29,522.50. It was designed by Architect Vernon Redding, who designed the other new buildings, and the contract was awarded to Showers & Taylor of Zanesville. The Dawson Construction company had contracts for the Hartzler and Mound schools.

Hon. W. A. McCurdy, deputy in the state school commissioner's department at Columbus, arrived early in the evening and was the principal speaker, delivering the dedicatory address.

Mr. McCurdy paid a great compliment to the Newark schools when he said:

"The state department comes to Newark not to give advice, but to receive inspiration from your splendid schools, which are the equal of any in the whole commonwealth."

Further, he said, in part:

"The principle under which the development of vocational education is going forward in Ohio is that it is not for the sake of industry but for the sake of the child. It is held that the industries furnish educational material which can be used in the school room, which is equally as rich in educational values as the study of the older traditional high school curriculums. That is, an attempt is being made to build up the school curriculum around the industries and activities which predominate in the section in which the school is located, to use these industries as

the basis for the education of the children of the state.

"The pure trade school type of vocational education, which admits young children of twelve and thirteen years of age for the purpose of teaching them a trade and to develop in them specific skill, has as yet found no place in secondary education.

"At no time in the past has the educational situation in Ohio been as bright as it is today. Greater progress is being made in the schools than ever before. Never has there been a time when the problems of the rural school were so wisely considered or as near an effective solution as at present. Scientific research is abroad in the educational system.

"The public schools of any community should in a manner reflect the character of the major industries that support it."

RUBBER GOODS

The best line of rubber goods to be seen anywhere is at the City Drug Store, and its window display of Fountain Syringes and Hot Water Bottles are a fine criterion of the many other rubber articles to be found in this store. These Fountain Syringes and Hot Water bottles are of the best guaranteed rubber and come in white or red colors. The prices range from 75c to \$3.50. The City Drug Store carries a complete assortment of everything needful in rubber goods, which they will be pleased to show you at any time. All the new up-to-date toilet articles of every description are here. The next prescription you have to be filled, try the City Drug Store. Nothing is so important as the correct compounding of prescriptions. There are three registered pharmacists in constant attendance at the City Drug Store and you can always rely on your prescription being promptly and correctly compounded. 25-11
